FEDERAL BUREAU OF INVESTIGATION

Date of transcription 01/21/2009

On January 21, 2009, DAVID HOMAN, Regional Manager, Simpson Housing, telephone number (843) 971-7131, was contacted at the Highlands at Dearborn apartment complex leasing office. After being advised of the identity of the writer and the nature of the interview, HOMAN provided the following information:

RIKKILE BROWN is currently the lessee of 1 Silver Leaf Way, apartment 127, Peabody, MA. Brown has been a resident there since approximately July 2008. BROWN's rent is \$1300 per month. When Brown applied to lease the apartment on July 8, 2008, she could not provide pay statements as proof of employment. Instead, she shortly thereafter provided an employment letter from NORTHSHORE MOVERS OF LYNN, 407 Walnut Street, Lynn, MA, signed by SEAN MURPHY.

In the letter, MURPHY advised that BROWN had been his moving company office manager for 4 years. MURPHY reported that BROWN earned \$3400 per month working 36 - 42 hours per week. He also reported that BROWN did receive pay statements. MURPHY further advised that his company, ANGEL ONE CORPORATION, would be paying BROWN's rent for the next year.

BROWN's move-in expenses, in the amount of \$2987.23, were paid by MURPHY via NORTHSHORE MOVERS company check on July 16, 2008. In the memo section of the check was written, "I love you baby". MURPHY provided office and cellular contact telephone numbers of (781) 599-0036 and (781) 443-3303.

BROWN's rental application listed MURPHY as her emergency contact. BROWN listed her closest relative as BETTY RAMSDELL of 48 Cannon Rock Road, Lynn, MA.

Supplement1) **GENERAL REPORT NARRATIVE (BENDIG)***Date Reported:* 10/17/2004*Prepared By:* J. Scott Bendig

01:50 hours, Bendig:

On the above date/time, I observed a red Honda Pilot NJ#PRF53E (issued to Paul Plank, 4/23/56, 101 Greenbrook Rd., Middlesex, NJ) in the lot of the Quick Mart/Mobil at Rt 309 @ Upper State Road. The vehicle was running, parked along the hedge line that borders Adult World. A male operator occupied the vehicle. The vehicle's brake lights were lit, as if the operator was about to place the vehicle in gear. The vehicle remained in that position as I sat in the lot of the Quick Mart/Mobil for approximately one minute. I left the Quick Mart/Mobil and entered the lot of Kinko's to watch the vehicle, turning my lights off to avoid detection. After approximately two minutes the vehicle back up and slowly made its way to the entrance at Upper State Road. I never observed a second individual enter the vehicle. Upon reaching the road, the vehicle hesitated before deciding to turn onto Northbound Upper State Road. I made my way to Airport Square exit onto Upper State Road, intending to follow the vehicle after it passed. As I turned onto the center access road, I observed a full size Budget Rental Box Truck, OK#2ED225 exiting the lot of Kasco Construction Company on Upper State Road, (Note: Honda Pilot had still not passed my location). This company and its neighboring businesses have been burglarized in the past. In some cases the actor(s) parked their vehicle(s) on Kasco's property because they can be easily concealed. In my experience Kasco Construction Company does not operate at this hour and is not in the practice of using Budget Rental trucks in the normal course of business. Based on this information I conducted a traffic stop of the vehicle due to this suspicious activity. Vehicle was stopped at approximately 0155 hours on Northbound Upper State Road just North of Premier Bank.

I approached the vehicle and noted there was no lock securing the rear box portion of the vehicle. I continued my approach and as I did so, the operator began to open his door. As I contacted the driver, I could see that he was wearing what appeared to be a set of dark overalls with the upper body portion tied at the waist. He also wore a fanny pack around his waist. The bottom 2' portion of his coveralls appeared damp and were covered in mud, along with his shoes. (Note: This area presently under construction/renovation with a large part of the surrounding properties dirt/mud covered) The passenger also appeared to be wearing similar style coveralls. Both appeared very nervous and had noticeable perspiration on their face. When asked for information, the driver would not speak and appeared as if he were attempting to stall my request by motioning toward various interior portions of the cab. By this time Officer Luberto was behind me. I instructed him to call for additional units and watch the front passenger while I had the driver exit. I reached in the cab of the vehicle and turned the truck off, securing the key on my person. At this time, the driver seemed more nervous, refusing to talk and avoiding eye contact. I became concerned for our safety and positioned the operator to conduct a pat down. As I began a pat down, Officer Luberto said something. At that time both subjects fled on foot. Officer Luberto pursued the passenger (See Officer Luberto's passenger) while I pursued the driver. Dispatch advised.

The driver fled on foot, Northbound toward Houlihans front entrance. Driver was told stop. I pursued the

driver around Houlihans, then back toward Upper State Road. The driver ran across Upper State Road and began to scale the 6 foot fence that surrounds Glasgow Quarry. The driver scaled the fence, catching his shirt on the fence in the process. As the driver attempted to free his shirt I told him not to go further. The driver turned, took two steps West and then disappeared. (It was determined that the driver fell approximately 30 feet onto a plateau of rocks and brush) I ran to the scale house entrance and observed the driver run across the roadway leading to the pit. I contacted dispatch and requested a canine. Upper Moreland Canine Officer Curly responded (See Officer Curly's report). A perimeter was established with Hatfield Police taking Airport Square rear access road, Lower Gwynedd taking Upper State Road, New Britain taking Horsham Road and Upper Gwynedd taking North Wales Road. Officer Depolo (see Officer Depolo's report) assisted Officer Curly. Officer Luberto came to my location and maintained communication/coordination with other units and Canine Team. Description of driver (W/M, approx. 5'7", thin build, dark hair with aforementioned clothing description) was provided to units.

I returned to the truck, which had been secured by Sgt. Hames of Lower Gwynedd Police (see Hames report). I then went to Kasco Construction to determine if entry had been gained at that location. A cursory search revealed all appeared in order, but tracks consistent with the box truck were observed around the front, side and rear of the building. I requested emergency contact response. Dispatch then advised that Mr. Case from Costco Wholesale had come into the station to report that his store had been burglarized. I turned Kasco Construction over to Officer Chapman of Hatfield Police who stood by until subscriber arrived.

I then met with Mr. Case in front of Costco Wholesale. He advised that when he came in at approximately 0200 hours he noticed the jewelry cases were smashed out. He also noted the phone were inoperable. Case was unsure if any actors were inside so Officer Hart was contacted to respond for a Canine search of the facility. Sgt. Brinkman and myself maintained a perimeter until arrival of canine. During standby I requested duty detective (Det. Reape) respond. A point of entry (via pry) was discovered on the Southwest corner of the building adjacent to the pharmacy. At this time Officer Chapman advised me that there was a burglary that may have occurred at Garden Golf as well. Actors had breeched the property by cutting the chain link fence to the facility where it abuts Kasco Construction. Officer Robinson of Upper Gwynedd Police secured the facility and stood by until subscriber arrived.

Upon arrival of Officer Hart, a building search was conducted with no additional actors located. Det. Reape arrived and handled investigation of scene (see Det. Reape's report). Officer Chapman and Robinson advised that both Kasco and Garden Golf had not been burglarized. Officer Hart was directed to assist Officer Curly in the canine search at Glasgow. Shortly thereafter the driver was located on the property (See Officer Depolo's report) and transported to Abington Hospital for treatment of injuries resulting from the fall. A thorough search of the area for additional actors was conducted by Officer Hart with his canine (See Officer Hart's canine report) with negative results. The Budget truck was returned to MTPD so that a search warrant could be executed.

Officer Hart conducted a track from the rear of Kasco Construction to Costco Wholesale. Based on track and cut fences at Garden Golf, it appeared the actors parked their vehicle and walked from Kasco, South through Garden Golf's property, then Northbound down the side of Garden Golf Blvd. Upon reaching the intersection of Garden Golf Blvd and Costco's inner access road an open manhole cover on the Southwest corner of the intersection was discovered. The manhole had approximately 2 feet of water inside. The manhole contained Verizon phone lines. A 2 inch phone line appeared to have been cut inside. Verizon was advised. Actors appeared to have taken a more direct route of travel when returning to the truck, traversing Garden Golf's parking lot and new batting cage area currently under construction. Actors appeared to have been unable to find the original fence cut, so it was cut in an additional location as well.

2) GENERAL REPORT NARRATIVE (DEPOLO)*Date Reported:* 10/17/2004*Prepared By:* Jeffrey DePolio

On Sunday 10/17/04 at about 0200 hours, I responded to the area of the Quarry located on Upper State Road across from the Costco Shopping Center to assist Sgt. Bendig. Sgt. Bendig called for a priority assist when two subjects fled on foot after conducting a vehicle stop on Upper State Road. Sgt. Bendig reported that a white male subject wearing a black jumpsuit and an orange t-shirt fled from the vehicle (a Ryder box truck), ran across Upper State Road toward the Quarry and climbed over the fence. Sgt. Bendig stated that the subject fell down a 20' cliff and continued to run down the access road into the quarry.

Sgt. Bendig then initiated a perimeter calling for outside agencies to assist. There is only one way in and out of the Quarry. I secured that access road until a k-9 unit arrived to initiate a search. Sgt. Bendig then continued with the investigation. K-9 Officer Steve Curly of Lower Moreland Twp. P.D. arrived on scene and began a systematic search of the area. We started down the access road heading into the base of the quarry. About 1/2 way down, Officer Curly's K-9 showed interest in an area off to the right, between the access road and the cliff, which is about the base of the quarry. I remained in that area to make sure the subject did not double back up to the access road. Officer Curly then continued the descent down and cleared the base of the quarry. Officer Curley returned stated that there was no sign that the subject made it to the bottom of the quarry. The only remaining place to check was a thin strip of wooded area to the right and left to the access road. Officer Curly secured his K-9 to give him a break. We then checked the area to the right of the access road (about 1/2 way down) where his K-9 originally showed interest. We then found the subject (white male, wearing a black jumpsuit and orange t-shirt as described by Sgt. Bendig) lying behind a group of large rocks. The subject was placed into custody without further incident. The subject complained of back and chest pain and had difficulty breathing as a result of the fall. VMSC was dispatched to the location. The subject had a black "fanny pack" in his possession. The pack was secured and found to contain the following: red handled cutters, plastic sleeve, flat head screw driver, black mag light, Allen wrench, 2 batteries, metal nut and light. A search incident to arrest revealed that the subject possessed several pages of paper containing addresses of all Costco/BJ Wholesale store in the general area and a Massachusetts drivers license (#023540015) displaying the name of Paul Emmons (DOB 6/21/60) in his right rear pocket. Emmons also had \$1,017.00 cash in his right front pocket. Emmons had a set of keys and small bag of suspected Marijuana in his left front pocket. All items were seized and placed into evidence (see property receipt).

VMSC arrived on scene and stabilized Emmons. Emmons was placed into the ambulance and transported to Abington Hospital Trauma Center for treatment. I accompanied VMSC to Abington. Emmons injuries consisted of broken ribs, punctured lung along with cuts and abrasions from the fall. The Emergency Room physicians stated Emmons must stay 3 to 5 days for treatment prior to incarceration.

3) GENERAL REPORT NARRATIVE (LUBERTO)*Date Reported:* 10/17/2004*Prepared By:* Gabriele Luberto

10/17/04, Luberto:

On this date at approximately 0200 hours, I assisted Sgt. Bendig with a suspicious vehicle stop of a white box truck. The two occupants of the cab fled from the stop on foot. The driver fled North on Upper State Road, while the passenger fled West onto rear access road behind Airport Square. Sgt. Bendig followed the driver

as I followed the passenger. I apprehended the passenger, later identified as David Thompson, near the wooded area behind Airport Square, directly behind the Old Navy Store. Thompson was secured and placed into a secure police car. He stated he was not injured. I secured the box truck until turning it over to Sgt. Hames of Lower Gwynedd P.D. Sgt. Hames secured the truck until it could be impounded. I held a position for a perimeter at the Quarry on Upper State Road until a canine was brought in to locate the driver, who was last seen entering the quarry. (See Sgt. Bendig's report) Thompson was taken to MTPD and lodged during a search of his person, I found a blue Motorola Talkabout 2-way radio in his possession. The radio was on and the volume appeared to be turned up about halfway. The radio was set to channel one. The radio was logged as evidence.

At approximately 0349 hours, I followed the box truck back to MTPD Impound lot, where it was secured and parked in view of a recorded CCTV camera monitored by MTPD Dispatch. The truck could not be towed due to its size and was driver to MTPD by Carr's Towing driver Craig Holt.

Officers from New Britain, Upper Gwynedd, Lower Gwynedd and Hatfield P.D. assisted with the perimeter. Upper Moreland assisted with a canine.

4) GENERAL REPORT SUPPLEMENTAL

Prepared By: James Reape

Date Reported: 10/17/2004

10/17/2004 @ 02:30 hours, Det Reape:

On this date and time I was requested to assist with a burglary investigation at the Costco Wholesale warehouse. On arrival I was met by Sgt Bendig who advised that they had one suspect in custody and a second suspect was surrounded in the quarry on Upper State Road. The suspects of the burglary reportedly fled on foot following a traffic stop on Upper State Road initiated by Sgt Bendig. Inside of Costco was the General Manager, Ron Fortini, and the merchant manager Rick Case 215-721-4849.

I spoke with Case who was the opening manager on this day. Case stated that he circled the building and noticed nothing unusual. When entering the building he stated that the alarm panel was out. He attempted to call the alarm company and noticed the phone lines were out. Case then went to the electrical room and noticed damage to the door and the interior phone lines had been cut. Case then exited the building and drove to MTPD believing that the business had been burglarized.

Inside of the building I was shown the Jewelry display area and the Pharmacy area as the two locations that had been attacked by the actors. The jewelry area had contained numerous pieces of jewelry all under the individual value of \$400, per Insurance requirements. Jewelry over \$400 is placed into a safe. The jewelry display had been entered by prying the cases with a screwdriver and popping the doors. Only a few pieces of jewelry remained in the display cases. 160 jewelry tags were collected from the display cases in an attempt to help identify items stolen. The jewelry display area was photographed. A piece of the metal to the display case that had been pried was collected as evidence for tool markings.

Next, I went to the pharmacy and requested the pharmacy manager Dana McGiboney respond to the store. The area was photographed and glass samplings were collected from the window broken to enter the pharmacy. Inside the pharmacy area two locked cabinets had been forced open and the contents had been cleared out. There was trash lying on the floor and the trash can was empty. I discovered a shoe print on the counter where the actor(s) climbed through the broken window. I attempted a lift with black powder which denigrated the impression. I then lifted the remaining portion without any enhancement. I was advised by Sgt Bendig that the shoe print matches shoes being worn by the suspects who fled.

McGiboney arrived advised the cabinets that had been forced open contained the Schedule II and III narcotics that are highly desired on the street. McGiboney noted that the trash can liner had been removed from the trash can. A few other drugs had also been taken from the shelves that included Viagra. McGiboney provided me with a computer generated printout of the missing narcotics and the pill counts of those missing narcotics.

The entrance point to the building was identified on the west side of the building towards the front. The door had been pried open utilizing a heavy duty crow bar. The door was photographed. In addition, the electrical room was viewed and photographed. I requested a representative from Honeywell Alarms come to the location to assess the alarm system and how the unit was defeated due to the cellular back up. When a representative from Honeywell arrives Costco will contact MTPD to stand by with them.

Sgt. Bendig advised that the second subject had been located in the quarry and had been taken to Abington Hospital for medical treatment. Sgt Bendig continued to check the perimeter of the building and discovered phone lines feeding Costco in an underground sewer line had been cut.

I returned to MTPD and prepared a search warrant for the Budget Rental truck driven by the two subjects in custody. Judge Palladino of court 38-1-11 approved the search warrant on 10-17-2004 @ 0845Hrs. The truck was searched resulting in the confiscation of 118 noted items of evidence. Items collected as evidence included the narcotics reported stolen, jewelry taken and numerous tools required for the burglary. See search warrant and property receipt.

Criminal complaints were prepared against Thompson and Emmons. The subjects will be arraigned at the discretion of the on call district justice.

10/18/2004, Detective Reape:

On this date Paul Emmons was arraigned by DJ Keightly while at Abington Hospital. Bail was set a \$100,000 cash and a preliminary hearing was scheduled for October 28th.

I received information about a device that was located hanging from the ceiling of Costco. The device was found to be a jamming device which blocked the outgoing cellular backup alarm system. The device was viewed by a Verizon employee, James Hill, who stated that the instrument was a RF Modulator attached to a power amp with two antennas to emit the frequency signals. The instrument would have been strong enough to block cellular transmissions for a distance of 200-300 meters. Based on this discovery it appears that the actor(s) accessed the roof first and placed the jamming device through a sky light. After the unit was in place they then cut the phone supply lines leading into Costco. Once the alarm system was defeated they pried the side door open with a crow bar granting access to the building. The actor(s) parked in the rear of Kasco Construction and traveled back and forth on foot to Costco.

I then contacted several Connecticut based police departments within jurisdictions of the handwritten notes containing the business locations and police frequency numbers. I contacted North Haven, Manchester, Brookfield and Fairfield Ct Police departments. None of the departments have experienced recent burglaries. A Det. Bravo of Fairfield Police, 203-254-4800, did advise that back in 1992 they had a string of burglaries that was taken over by the Massachusetts State Police, which involved suspects from Lynn, Ma. The focus of the investigation was a subject named Sean Murphy.

Incident 2004-22797

Supplement

A file 7 message was sent out to North East region of the United States advising of the arrests of Thompson and Emmons. I received a call from New York State Trooper, Andrew Jasie, ajasie@troopers.state.ny.us, who provided me with intelligence information pertaining to David Thompson, Sean Murphy and a Michael DeLauri. Trooper Jasie provided photographs all three subjects and I was able to identify our arrestee as Thompson and Paul Emmons as being Sean Murphy.

Thompson had requested to speak with me through the Officers who had conducted the arraignment. I contacted the prison and spoke with Thompsons case worker, a Mr. Allenson. Mr. Allenson stated that he spoke with Thompson who again asked that I speak with him. Det Solis and I went to the prison and met with Thompson. Thompson stated that he did not wish to speak with us until he is represented by a private attorney but wanted to reiterate that he was not in the building. Thompson then stated that Emmons provided a fake name and was really Sean Murphy.

I met with Costco regional loss prevention agent, James Galne, 301-902-2643(w) or 703-887-1126(C). Gaine advised that they have had no other burglaries that he feels these individuals may be affiliated with. Gain advised that Kevin Goulet the New England Regional loss prevention manager, 508-284-7666, has also been advised and has no open burglaries.

Partial prints taken from Emmons at the hospital were sent to the FBI. The FBI was able to identify the prints as belonging to Sean Murphy.

I contacted the Budget Rental Truck Company at 800-367-0522. I was able to learn that the vehicle driven by Thompson and Murphy had been rented with cash from a Salem Massachusetts location. The truck was rented for a local move by Millennium Movers on 10/15/04 @ 1044Hrs. The truck was due back on 10/17/04 @ 1044Hrs. The driver listed for the vehicle was a Paul Emmons.

10/19/2004, Det. Reape:

On this date I was able to obtain a warrant for Murphy based upon the false identification provided to law enforcement identifying himself as Paul Emmons. In addition I was also able to obtain a detainer for Murphy on open warrants from state of Massachusetts. The contact person for the detainer is a Det. Mulvey, 781-595-2000.

Several agencies have contacted this PD in regards to the facts of the investigation;

- 1) Lt. Bob Tryer, 973-410-5383, of East Lawn Park PD in New Jersey has been heading a task force investigating a group called the "Lynn Breakers" who a known gang of burglars from the Lynn, MA area. Tryer was provided information on our arrest and will conduct follow ups on his own.
- 2) Det. Don Starnier, 845-794-7100, of Sullivan Co Sheriff's, New York has been investigating a string of six burglaries where the actors MO was the same and the subjects dressed in similar clothing during the burglary.
- 3) Martin Wallace, 978-744-5500, ext 300, Chief Probation Officer, Essex Superior Court, 32 Federal Street, Salem, Ma. 01970. Wallace holds supervision over Murphy and requests case record for follow up on detainer.

Sgt Bendig requested I conduct a follow up on the suspicious vehicle that was observed in the lot of the Mobil station, 390 @ Upper State. The registration was NJ/PRF52E assigned to a Paul Plank of 101 Greenbrook Road, Middlesex, NJ, ph 732-271-1460. I contacted the Middlesex PD and spoke with Det. Scott Johnson,

732-356-1900. Johnson was familiar with the Plank family who live within his jurisdiction. Johnson advised that Mr. Plank was in PA on Saturday evening for a wedding that took place at the Blue Bell Country Club. Det. Johnson was able to advise that plank was not part of the professional burglary ring.

10/21/2004, Detective Reape:

On this date I spoke with Costco Mgr, Ron Fortini. Fortini advised that he had spoken with his alarm company and learned that the transmission frequency for the cellular back up alarm was 824 thru 848 megahertz. The reception frequency was 869.3.

In addition Fortini advised that Costco has had modifications made to the satellite receiving systems for their television displays recently. The modifications gave access to all electrical room, roof, etc. Fortini believes there may be a possible connection and stated that the agency hired for the work was a Premier Retail Network (PRN), 888-776-5589. An employee at a Beltsville, MD Costco stated that the photograph of Murphy looked like one of the installers.

10/22/2004, Detective Reape:

On this date ADA Doug Rosenblum came to MTPD to review the case. Rosenblum was taken to the location and viewed all pertinent paperwork.

I contacted PRN and spoke with an Allison Cimini, 415-808-9758. Cimini advised that there company is based out of San Francisco and they contract with vendors on the east coast to do the Costco work. She stated that work was done to the North Wales Costco on August 31, 2004. The work done to the Beltsville, MD store occurred on August 2, 2004. Cimini will have to research who the vendors were and contact them for personal records.

10/26/2004, Detective Reape:

On this date I spoke with Allison Cimini of PRN. She advised that the vendors used for the Beltsville, MD install were a Wachter Network Services 479-757-8282 contact person Bill Gregory and Hughes Network Services, 301-428-5478 contact person Carolyn Valanidas. Both were contacted and will advise of who was on their crews at the time of the installation in MD.

10/29/2004, 1330 hours, Detective Reape:

On this date a preliminary hearing was held regarding this investigation. The criminal complaint was amended to include the charges of Possession with the intent to deliver a controlled substance and Possession of instruments of crime. Murphy was transported to the hearing from Montgomery County Correctional Facility and Thompson arrived on his own while out on bail. All charges were held against Thompson and Murphy.

11/09/2004, 1030 hours, Detective Reape:

On this date the jewelry collected as evidence was returned to Costco following the approval of the District Attorney's Office.

information on a possible third person involved in our burglary. They provided me with the name of Jim Giardino of the Maine Correctional Center, Windham, ME 207-893-7092. Information received was that at the time of processing Thompson at the Maine facility he stated that he had an open case in Montgomery County with codefendants Sean Murphy and Robert O'Brien. Steele stated that Thompson cannot be approached by our police department due to his legal representation.

I contacted Giardino who stated that the intake officer who interviewed Thompson was Susan Deshambo, 207-893-7073. Deshambo needs to be interview regarding the exact exchange between her and Thompson. The file or Deshambo were not available at the time and requested I try later or on 05/01/2006.

I also contacted the Lynn, Ma police department, 781-595-2000. I spoke with Det. Ferrari. He was very familiar with Thompson and Murphy but not O'Brien. He stated that he would research O'Brien and see if he can come up with identifiers for him.

05/01/2006, Det. Reape:

On This date I received a phone message from a Peter Turner of the York County Sheriffs, Maine 207-324-1111. Turner advised that he had a prior arrest involving Thompson with Robert O'Brien 11-03-1963 as a co-conspirator. Turner stated that O'Brien is believed to have a drivers licenses' in the states of Massachusetts and New Hampshire. A criminal history check revealed that O'Brien had several arrests with an FBI Number 601254HA1. Upon running the criminal history I contacted the Ocala Police Department, Florida in an attempt to gain a copy of the subjects fingerprint cards.

Tina Ringfield of Ocala PD, 352-369-7028 faxed and emailed a copy of O'Briens prints to MTPD. The prints will be compared to the latent that was obtained from the cellular phone jamming device by Detective Davies.

05/02/2006, Det. Reape:

On this date I requested an off line search be conducted regarding any contacts with O'Brien via the NCIC system.
